3RD & 4TH FLOORS OF 110 BUCKINGHAM PALACE RD SW1

Dear Roger,

Further to the above works, I would like to express our gratitude from all at Big Bus for the professionalism shown by the project team from Office Profile throughout the delivery of the recent fit-out project.

We are impressed that Office Profile completed our new workspace within the tight timescale and budget and would like to thank you for accommodating the last minute changes.

The standard of customer service was outstanding, especially from Roger Thomson, whose support, care, and help throughout the project was greatly appreciated.

The finished project has significantly assisted our growth plans and we have since placed supplementary orders as we have expanded further.

I would recommend your company to anyone who is planning to undertake any interior works.

Yours sincerely,

Gerry Price
Group Commercial Director
