

 **Office Profile**
Making your business space work harder

3 CITY PLACE

Feast Metal table with Spin Stools.

Uni coffee tables and Selva ceiling panels.

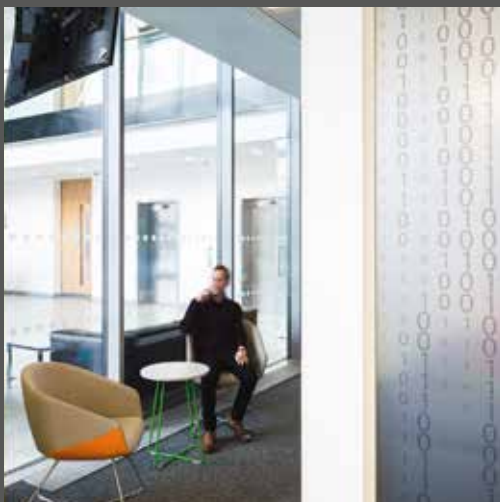

3 CITY PLACE

Office Profile were appointed by an award-winning consultant to assist them with their relocation to 3 City Place in Crawley.

The client secured the ground floor office and approached Office Profile to design their office, which needed to include a breakout area with a kitchen, a reception area, a comms room, an open plan office space, several meeting rooms and offices.

Although the client was bringing some of their existing furniture from their office, Office Profile were also asked to provide additional furniture solutions.

For the breakout space, Office Profile installed full height glass partitions with manifestation in a binary design to reflect the client's business. We provided a Feast Metal table in contrasting colours, creating an area where staff could enjoy their lunch.

Binary manifestation on the glass partition and Occo Easy chairs.

- LOCATION: CRAWLEY, WEST SUSSEX
- VALUE: £220,000
- FLOOR AREA: 7,000 SQ. FT
- DURATION: 6 WEEKS
- STAFF NO: 70

Meeting rooms and offices divided by glass partitions with manifestation.

Open plan office space with columns painted in the corporate colours.

We added Uni coffee tables and comfortable Occo Easy chairs where people could unwind and socialise, along with Selva ceiling panels in the client's vibrant corporate colours. Grey gloss cupboards and drawers were installed in the kitchen area complete with essential appliances.

In the open plan office space, a TV wall was created by mounting six TVs on one of the internal walls. We formed the walls for meeting rooms and offices using full height glass partitioning with manifestation.
